Defiant Publics: The Unprecedented Reach of the Global Citizen (Themes for the 21st Century Series)

Daniel Drache

Social activism and dissent have become global phenomena for our times. Ordinary people across the world are fighting back. This newly potent political force has defeated governments in India and Spain, and has brought down the EU draft constitution. Disaffected by the triumph of markets, public goods, public interest and public spaces are regaining political ground.

Daniel Drache argues that, feeding off distrust and suspicion of governments, and assisted by the new cultural flows of people, ideas and information, this is a political phenomenon without historical precedent. No-one owns the new public, elites remain baffled by its power and impact. No-one can contain its innovative, inclusive and rapidly evolving organizational style. No-one can determine when the current cycle of dissent will peak.

This lively and engaging book is a must-read for anyone interested in the role of protesters and publics in contemporary politics.

Barbara Goodman:

This Defiant Publics: The Unprecedented Reach of the Global Citizen (Themes for the 21st Century Series) is great book for you because the content which is full of information for you who else always deal with world and still have to make decision every minute. This specific book reveal it data accurately using great coordinate word or we can say no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but tricky core information with lovely delivering sentences. Having Defiant Publics: The Unprecedented Reach of the Global Citizen (Themes for the 21st Century Series) in your hand like having the world in your arm, details in it is not ridiculous 1. We can say that no book that offer you world throughout ten or fifteen small right but this book already do that. So , this really is good reading book. Heya Mr. and Mrs. occupied do you still doubt which?

Magdalena McKinney:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some reserve, they are complained. Just small students that has reading's soul

or real their passion. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Defiant Publics: The Unprecedented Reach of the Global Citizen (Themes for the 21st Century Series) can make you sense more interested to read.
