## **Sacred Calling, Secular Accountability: Law and Ethics in Complementary and Spiritual Counseling**

Ronald Bullis

Increasingly, counselors are practicing spiritual or complementary interventions. In balance, how counselors use such interventions is under closer examination by law. This effort to protect clients is embedded in ethical and legal principles, but rarely addressed in the mental health literature. This book will fill that gap by offering a clear understanding of the context of the law. Detailed case studies are given in each chapter as a centerpiece to the understanding, interpretation, and application of the laws. The author, with his unique qualifications in legal and spiritual areas, pays critical attention to the issues of culture throughout this resource that includes handy appendices of a legal glossary, abbreviations, literature review, and an exercise on how to find the law.
