Bowen Unravelling: A Journey into the Fascial Understanding of the Bowen Technique Julian Baker

For Bowen technique therapists and any bodywork practitioners interested in using a gentle, noninvasive pain-relief therapy, this book draws on myofascia and connective tissue dissection to explain how the Bowen technique initiates a body-wide signaling mechanism to start the process of healing and restore normal function.

With more than 100 full-color images, this useful guide helps manual therapists understand how the Bowen technique can help people with back pain, neck pain, headaches, frozen shoulder, tennis elbow, carpal tunnel syndrome, respiratory problems, hay fever, high blood pressure, kidney problems, arthritis, and knee pain.

The Bowen technique, named after its originator Tom Bowen, has been growing in popularity since it was first taught in the 1980s. Known for its gentle rolling motions and intentional pauses between moves, the technique has been shown to bring extraordinary pain management results with very little pressure on the part of the therapist.

Yet until now, little has been known of the actual workings of this technique. Tom Bowen himself called it simply a "gift from God" and treated thousands of people without trying to understand the processes that drove his results.

This book fills in the gap in scientific understanding by explaining in anatomical terms what happens during a Bowen technique treatment. Author Julian Baker shows how traditional anatomy fails to fully explain the complex biomechanical relationships that make up human movement. Each move of the technique is analyzed in depth, with an emphasis on the role of fascia and connective tissue.

From reader reviews:

Georgia Martinez:

What do you regarding book? It is not important along with you? Or just adding material when you really need something to explain what you problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have free time? What did you do? All people has many questions above. They should answer that question simply because just their can do this. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this kind of Bowen Unravalled: A Journey into the Fascial Understanding of the Bowen Technique to read.

Cari Sexton:

This Bowen Unravalled: A Journey into the Fascial Understanding of the Bowen Technique is great book for you because the content which can be full of information for you who also always deal with world and possess to make decision every minute. This particular book reveal it info accurately using great manage word or we can state no rambling sentences included. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but challenging core information with splendid delivering sentences. Having Bowen Unravalled: A Journey into the Fascial Understanding of the Bowen Technique in your hand like keeping the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world with ten or fifteen small right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. busy do you still doubt which?

James Barclay:

As we know that book is very important thing to add our information for everything. By a publication we can know everything we would like. A book is a pair of written, printed, illustrated as well as blank sheet. Every year was exactly added. This reserve Bowen Unravalled: A Journey into the Fascial Understanding of the Bowen Technique was filled concerning science. Spend your extra time to add your knowledge about your technology competence. Some people has various feel when they reading a book. If you know how big selling point of a book, you can really feel enjoy to read a reserve. In the modern era like currently, many ways to get book that you just wanted.

Stephen Beatty:

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's

country. Therefore this Bowen Unravelled: A Journey into the Fascial Understanding of the Bowen Technique can make you feel more interested to read.
