## **Ethnic identity and inequalities in Britain: The dynamics of diversity**

As debates around ethnic identity and inequality gain both political and media interest, this important book is the first to offer in-depth analysis from the last three UK population censuses focusing on the dynamics of ethnic identity and inequalities in contemporary Britain. While providing a comprehensive overview, it also clarifies concepts associated with greater ethnic diversity, increased segregation, exclusive growth of minority groups through immigration and a national identity crisis. The contributions, all from experts in the field based at or affiliated to the Centre on Dynamics of Ethnicity, highlight persistent inequalities in access to housing, employment, education and good health faced by some ethnic groups. The book will be a valuable resource for policy makers and researchers in national and local government, community groups, academics, students, and will act as an authoritative text to cite in reports, dissertations and funding applications.
