Dizzy City: A Novel Nicholas Griffin

The year is 1916, Europe is at war, and American industrialists are getting rich. Englishman Benedict Cramb deserts the trench warfare of northern France and stows away on an outbound transatlantic ship. When the ship docks in New York City, a place untouched and largely unaware of the horrors of war, he realizes this is the place to reinvent himself. In the process, he soon falls under the sway of the urbane and mysterious Julius McAteer, who sees in Ben his chance to finely hone the tools of someone who can master the art of the con. They concoct a ruse, pick their mark – a blustering midwestern cattleman named Henry Jergens – and the game is afoot. In the process, Ben falls in love with the beguiling actress Katherine Howells, who in turn is connected to even more men of vast means. But the further Ben follows the money in New York, the closer he moves back to the war in Europe and his shattering experiences there. This page-turner is rich in historical detail and filled with suspense, romance and adventure.
