Rethinking Japanese Security: Internal and External Dimensions (Security and Governance)

Peter J. Katzenstein

Rethinking Japanese Security: Internal and External Dimensions (Security and Governance) Peter J. Katzenstein

Since the unexpected end of the Cold War, standard arguments about power politics can no longer be adopted uncritically. This has led to a renewed interest in Japan's unusually peaceful security policy.

Japan's championing of "comprehensive security" is central to this collection. Peter J. Katzenstein's essays explore this concept which not only encompasses traditional military concerns but also domestic aspects of security. The book's focus on counter-terrorism and national security highlights a policy approach which, over decades, Japan has developed with political patience and diplomatic finesse. These essays advocate an eclectic approach that helps in recognizing new questions and that seek to combine elements from different analytical perspectives in the exploration of novel lines of argument.

Additionally, the book features an entirely new, substantial introduction that explores and elaborates the themes of the collection while bringing it up to date. This collection will be of significant interest to students and scholars of Japanese politics, security studies and international relations.

It is most important to arrange yourself to make your knowledge are still revise. Let's try to choose appropriate ways for you.

Billy Migliore:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Rethinking Japanese Security: Internal and External Dimensions (Security and Governance) can make you experience more interested to read.
