New Contributions to Monetary Analysis: The Foundations of an Alternative Economic Paradigm (Routledge International Studies in Money and Banking)

New Contributions to Monetary Analysis: The Foundations of an Alternative Economic Paradigm (Routledge International Studies in Money and Banking)

This book sheds light on some of the most recent developments in monetary analysis which offer a theoretical framework for a renewed monetary approach and related policy extensions. It points to recent research on what a consistent and broad-scope monetary theory could be based in the twenty-first century. It highlights new interpretations of monetary theory as put forth by some leading economists since the eighteenth century and new developments in the analysis of current monetary issues.
