Tales From the Afterlife Fiona Bowie

Tales From the Afterlife takes the reader on an imaginative journey through death to the life that awaits us all on the other side. Our beliefs thoughts and expectations have a powerful influence on the ease with which we make that transition although help and guidance is always on hand. The ten scenarios presented here present a coherent and remarkably consistent picture of the non physical world. The result is a powerful affirmation that consciousness survives the death of the physical body and that the meaning and purpose of live is to grow in love.
