William Addison Dwiggins: Stencilled Ornament and Illustration

William Addison Dwiggins: Stencilled Ornament and Illustration

There has never been anyone in the design world like William Addison Dwiggins (1880–1956). The first American to call himself a graphic designer, he applied his prodigious talents in the fields of typography, calligraphy, illustration, and even puppeteering—a more fitting title might have been Renaissance man. He is best known for his book designs, which combine his expertise in calligraphy, use of stencils, and typography. Very little has been published on Dwiggins, until now.

This edition of *Stencilled Ornament & Illustration* includes the original book, along with stencils and plates illustrating a dizzying array of graphical elements.

A new introduction by Bruce Kennett shows how Dwiggins used ornaments, rules, and other elements in his final book and jacket designs. Originally published in a letterpress edition of 120 copies, this important book introduces the unique genius of Dwiggins to a broader audience.
