Breve historia de las ciudades del mundo antiguo (Spanish Edition) Ángel Luis Vera Aranda

Este libro presenta la historia de las grandes ciudades del mundo antiguo, es decir, desde la aparición del fenómeno urbano hasta el momento en que se inicia el desarrollo de la cultura clásica grecorromana. En cada uno de los casos, se revisa la grandeza de las urbes, la importancia que tuvieron, su evolución a lo largo del tiempo, sus monumentos o aspectos más destacados y, por supuesto, las causas de su decadencia. Así, se explicará la relevancia de Ur, la grandeza de Babilonia en Mesopotamia (con Hammurabi y Nabucodonosor), las peculiaridades de Tebas en Egipto; de Jerusalén "la ciudad santa, cuna de las tres grandes religiones monoteístas", de Cartago. Se repasará también a las más grandes ciudades en el continente asiático y americano como Pataliputra/Patna y Teotihuacán respectivamente. Esta obra pone especial énfasis en describir los conflictos urbanos, los personajes más destacados y los acontecimientos históricos en los que se vieron implicadas estas ciudades. Con estos datos, se analizan los cambios y transformaciones que experimentaron desde sus inicios hasta que lograran convertirse en grandes urbes con magníficos monumentos y edificios.
