De empresarios a empleados. Clase media y Estado Docente en Chile, 1810-1920 (Spanish Edition)

Marianne Gonzalez Le Saux

En *De empresarios a empleados* se busca romper el mito -muy afincado en la historiografía nacional- que le asigna al Estado Docente decimonónico un rol determinante en la creación y surgimiento de la clase media chilena y cuestiona, de paso, la idea de una temprana movilidad social en Chile promovida por el sistema de educación pública. A partir de una reinterpretación de la historiografía sobre los sectores populares en Chile, la autora visibiliza la existencia de una clase media de rasgos empresariales presente ya a inicios de la República, la que estaba conformada por artesanos, comerciantes, mineros y propietarios rurales. Demuestra que fueron estos sectores, y no las clases populares -como se cree-, los que se insertaron en el sistema educacional público. Estos sectores empresariales de clase media que accedieron al Liceo, y en menor medida a la Universidad, habrían sido los principales integrantes de los grupos de intelectuales, empleados públicos y privados que irrumpieron en la escena política a principios del siglo XX. Así, al preguntarse por los orígenes, las características y la evolución de la clase media chilena, este libro trata de poner en perspectiva histórica un debate actual: el rol de la educación como base de la promoción social y las formas de reproducción de las desigualdades sociales en Chile.
