Byron and Romanticism (Cambridge Studies in Romanticism) Jerome McGann

This 2002 collection of essays represents twenty-five years of work by one of the most important critics of Romanticism and Byron studies, Jerome McGann. The collection demonstrates McGann's evolution as a scholar, editor, critic, theorist, and historian. His 'General Analytic and Historical Introduction' to the collection presents a meditation on the history of his own research on Byron, in particular how scholarly editing interacted with the theoretical innovations in literary criticism over the last quarter of the twentieth century. McGann's receptiveness to dialogic forms of criticism is also illustrated in this collection, which contains an interview and concludes with a dialogue between McGann and the editor. Many of these essays have previously been available only in specialist scholarly journals. Now McGann's influential work on Byron can be appreciated more widely by new generations of students and scholars.
