If you're passionate about writing and using new technology to market yourself and your work, this book will explain how you can do what you love and increase your earning potential. Start off with understanding what an e-book is and the differences between traditional and digital publishing. You will identify and learn the details of current e-readers on the market. You will employ the basics of analyzing your audience, brainstorming, writing, editing, and marketing — according to the type of e-reader. You will learn the process of getting your book published, how to change or alter the format or style of your book to match the necessities of the e-reader, and how to optimize the format of any text for e-reading.

We spent hours interviewing writers who are experts in the art of digital publishing to provide a complete overview of everything you need to know about publishing your e-book. No matter what your goals are, you can start publishing from your home with e-reader technology and this book.
