The R Primer Claus Thorn Ekstrom

Newcomers to R are often intimidated by the command-line interface, the vast number of functions and packages, or the processes of importing data and performing a simple statistical analysis. **The R Primer** provides a collection of concise examples and solutions to R problems frequently encountered by new users of this statistical software.

Rather than explore the many options available for every command as well as the ever-increasing number of packages, the book focuses on the basics of data preparation and analysis and gives examples that can be used as a starting point. The numerous examples illustrate a specific situation, topic, or problem, including data importing, data management, classical statistical analyses, and high-quality graphics production. Each example is self-contained and includes R code that can be run exactly as shown, enabling results from the book to be replicated. While base R is used throughout, other functions or packages are listed if they cover or extend the functionality.

After working through the examples found in this text, new users of R will be able to better handle data analysis and graphics applications in R. Additional topics and R code are available from the book's supporting website at www.statistics.life.ku.dk/primer/

From reader reviews:

Margarito Rone:

What do you about book? It is not important together with you? Or just adding material if you want something to explain what your own problem? How about your spare time? Or are you busy man? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have time? What did you do? Everyone has many questions above. They have to answer that question because just their can do which. It said that about book. Book is familiar on every person. Yes, it is appropriate. Because start from on pre-school until university need this specific The R Primer to read.

Charles Denzer:

Do you have something that you prefer such as book? The book lovers usually prefer to pick book like comic, quick story and the biggest the first is novel. Now, why not striving The R Primer that give your fun preference will be satisfied by simply reading this book. Reading addiction all over the world can be said as the opportunity for people to know world far better then how they react to the world. It can't be explained constantly that reading addiction only for the geeky man but for all of you who wants to always be success person. So , for all of you who want to start reading through as your good habit, you could pick The R Primer become your own personal starter.

Kevin Caputo:

Your reading sixth sense will not betray you actually, why because this The R Primer publication written by well-known writer we are excited for well how to make book that could be understand by anyone who have read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your own personal hunger then you still doubt The R Primer as good book but not only by the cover but also from the content. This is one reserve that can break don't evaluate book by its deal with, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your reading through sixth sense already alerted you so why you have to listening to one more sixth sense.

Carmen Helton:

This The R Primer is great e-book for you because the content which is full of information for you who all always deal with world and get to make decision every minute. That book reveal it data accurately using great manage word or we can say no rambling sentences inside. So if you are read the item hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but tricky core information with beautiful delivering sentences. Having The R Primer in your hand like having the world in your arm, information in it is not ridiculous just one. We can say that no book that offer you world within ten or fifteen tiny right but this guide already do that. So , this can be good reading book. Hey Mr. and Mrs. busy do you still doubt that will?
