El Simbolismo Del Toro (LA PIEL DE TORO) (Spanish Edition) Mariate Cobaleda

Este libro se presenta como un completo y riguroso estudio que vertebra el contexto cultural en el que aparece enmarcada la Corrida de Toros. Para ello, hace un repaso por las antiguas religiones taurinas y solares de la Meridionalidad, y desentraña el simbolismo de las principales fiestas de toros, populares y españolas. Analiza, además, las obras cumbres de la pintura, de la poesía, de la novela, del teatro o de la música, que han encontrado en la Tauromaquia el tema de inspiración. Aborda el carácter antropológico de la lidia desde varios aspectos, como la dimensión ética (el toro como espejo o arquetipo de humanidad), el simbolismo erótico de la Tauromaquia, o el sentido religioso o sacrificial implícito en la lidia. Y todo, para intentar adivinar la estética más espiritual y sublime del arte taurino.
