S I P: Understanding the Session Initiation Protocol (Artech House Telecommunications Library) Alan B. Johnston
This newly revised edition of the ground-breaking Artech House bestseller, SIP: Understanding the Session Initiation Protocol offers a thorough and up-to-date understanding of this revolutionary technology for IP Telephony. Essential reading for anyone involved in the development and operation of voice or data networks, the second edition includes brand new discussions on the use of SIP as a wireless communications protocol and mobility technology. Professionals find details on the latest application areas such as instant messaging.

The book explains how SIP is a highly-scalable and cost-effective way to offer new and exciting telecommunication feature sets. From an examination of SIP as a key component in the Internet multimedia conferencing architecture? to a look at the future direction of SIP, practitioners get the knowledge they need to design "next generation" networks and develop new applications and software stacks.

From reader reviews:

Harry Crawford:

What do you ponder on book? It is just for students since they're still students or the idea for all people in the world, exactly what the best subject for that? Just simply you can be answered for that question above. Every person has distinct personality and hobby for every other. Don't to be compelled someone or something that they don't need do that. You must know how great as well as important the book S I P: Understanding the Session Initiation Protocol (Artech House Telecommunications Library). All type of book would you see on many options. You can look for the internet resources or other social media.

Joshua Molina:

The reason why? Because this S I P: Understanding the Session Initiation Protocol (Artech House Telecommunications Library) is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will distress you with the secret that inside. Reading this book beside it was fantastic author who write the book in such amazing way makes the content inside of easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of benefits than the other book possess such as help improving your expertise and your critical thinking method. So , still want to hesitate having that book? If I have been you I will go to the guide store hurriedly.

Mary Fox:

Your reading sixth sense will not betray you actually, why because this S I P: Understanding the Session Initiation Protocol (Artech House Telecommunications Library) publication written by well-known writer who really knows well how to make book which can be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and writing skill only for eliminate your current hunger then you still hesitation S I P: Understanding the Session Initiation Protocol (Artech House Telecommunications Library) as good book not simply by the cover but also by the content. This is one publication that can break don't evaluate book by its include, so do you still needing an additional sixth sense to pick that!? Oh come on your studying sixth sense already said so why you have to listening to another sixth sense.

James Pitts:

Reading a reserve make you to get more knowledge from that. You can take knowledge and information coming from a book. Book is composed or printed or illustrated from each source in which filled update of news. With this modern era like at this point, many ways to get information are available for a person. From media social just like newspaper, magazines, science guide, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Are you ready to spend your spare time to open your book? Or just trying to find the S I P: Understanding the Session Initiation Protocol (Artech House

Telecommunications Library) when you needed it?
