**Tanky Challenor: SAS and the Met (Famous Regiments)** Harold Challenor, Alfred Draper

Until the events of 11 July, 1963, rocketed him into the headlines of the national press, Tanky Challenor, was only known in- and admired by- the close-knit circle of friends in the SAS and the Metropolitan Police. He was also known, but only grudgingly admired, by most of the villains in the West End. On that fateful July day, however, a demonstration was staged outside Claridge's Hotel where King Paul and Queen Frederika of Greece were staying. The demonstrating at Queen Frederika's supposedly malign influence on Greek politics, and one of them was to claim that Challenor had "planted" a brick on him. In no time the name of Tanky Challenor became a household word. With the help of Alfred Draper, a journalist of many years' experience, Tanky now tells the story of his life from his childhood, through his time in the SAS, where he won a well deserved Military Medal, to his eventual downfall. In no way does he attempt to excuse himself not to pour whitewash over events that have been long established. He simply sets out to explain how it came about that a young man of undoubtable intelligence but limited educational background ended up in a mental home. Now for one moment does he blame the Army, which clearly played a major role in the forming of his character, and his time in which he obviously enjoyed. But when a man is obliged to spend months behind the enemy lines and taught not only to kill but to take pleasure in killing, it is bound to leave some mark on his personality. Tanky leaves the reader to draw his own conclusions from this story which seldom moves at less than a gallop, and is packed, not only with adventure, but also with much wit and shrewd observation.
