Human Development Theories: Windows on Culture R. Murray Thomas

By examining each theory through a cultural lens, **Human Development Theories** provides readers with the unusual perspective of being able to step outside of our own cultural heritage and to view other cultures as being equally viable, reasonable, and comprehensible. . . . The writing is crystal clear, and the author has done a superb job of defining the 25 theories in a way that is at once accessible and stimulating. . . . I would rank **Human Development Theories** as outstanding' -*Ann C. Diver-Stammes, Department of Education, Humboldt State University, California*
