Frostbite: A Werewolf Tale David Wellington

For Cheyenne Clark, there's a bad moon on the rise . . .

There's one sound a woman doesn't want to hear when she's lost and alone in the Arctic wilderness: a howl.

When a strange wolf's teeth slash Cheyenne's ankle to the bone, her old life ends, and she becomes the very monster that has haunted her nightmares for years. Worse, the only one who can understand what Chey has become is the man—or wolf—who's doomed her to this fate. He also wants to chop her head off with an axe.

Yet as the line between human and beast blurs, so too does the distinction between hunter and hunted . . . for Chey is more than just the victim she appears to be. But once she's within killing range, she may find that—even for a werewolf—it's not always easy to go for the jugular.

From the Trade Paperback edition.
