An Introduction to the Human Development and Capability Approach: Freedom and Agency

An Introduction to the Human Development and Capability Approach: Freedom and Agency

Aimed at undergraduates and post-graduates in the social sciences, as well as development practitioners, this textbook provides an introduction to the human development and capability approach; it also clarifies key concepts and fosters debate on a number of critical issues. The book offers new perspectives on a wide range of topics, which include the conceptualisation and measurement of well-being and inequality; the role of markets and economic growth in promoting development; the importance of democracy and public debate; culture and religion; health; equality and justice; and the connections between social and economic policy in addressing poverty and inequality.

Case studies from across the world are used to illustrate concepts and highlight the relevance of the approach in addressing contemporary development challenges. A set of questions accompanies each chapter for seminar discussion to help readers assimilate central points and apply the approach to diverse realities.

This book provides a comprehensive introduction to the human development and capability approach for students and practitioners world-wide.
