Dedalus specialises in fiction that could roughly be classified as gothic or arcane - or indeed gnostic. First published in 1995, this one immediately caught readers' imaginations and has since become something of a contemporary classic. It has a cute frame opening (' It is not necessary for me to relate precisely how these memoirs fell into my hands...') and an ugly, if memorable opening proper, reminiscent of the start of Earthly Powers: ' This morning his Holiness summoned me to read from St Augustine, while the physician applied unguents and salves to his suppurating arse...' The rest is freakish couplings, religious sects, torture: a cracking read for all ages, then. Giles Foden in The Guardian
