## **Uproot U.S. Healthcare, 2nd Expanded Edition** Deane Waldman

The Second Edition of “Uproot U.S. Healthcare” contains all the original text plus... extras. The book takes a combined medical and management approach to sick healthcare. At the request of several Universities, I added management and strategy tools; study aides; evidence or proofs; and other details that help teachers and students alike. “Uproot U.S. Healthcare” is a self-help guide to fixing our sick healthcare system. The book diagnoses WHY healthcare is sick. Then, it explains that the public and only the Public can fix healthcare. Finally, “Uproot U.S. Healthcare” shows you—the public—HOW to fix healthcare, in your own best interest and that of your family.
