The new edition of this comprehensive course in Spanish-English translation offers advanced students of Spanish a challenging yet practical approach to the acquisition of translation skills, with clear explanations of the theoretical issues involved.

A variety of translation issues are addressed, including:

- cultural differences

- register and dialect

- grammatical differences

- genre.

With a sharper focus, clearer definitions and an increased emphasis on up-to-date 'real world' translation tasks, this second edition features a wealth of relevant illustrative material taken from a wide range of sources, both Latin American and Spanish, including:

- technical, scientific and legal texts

- journalistic and informative texts

- literary and dramatic texts.

Each chapter includes suggestions for classroom discussion and a set of practical exercises designed to explore issues and consolidate skills. Model translations, notes and suggestions for teaching and assessment are provided in a *Teachers' Handbook;* this is available for free download at http://www.routledge.com/cw/thinkingtranslation/

Thinking Spanish Translation is essential reading for advanced undergraduate and postgraduate students of Spanish and translation studies. The book will also appeal to a wide range of language students and tutors through the general discussion of the principles and purposes of translation.
