Bruce Catton

Michigan: A Bicentennial History (States and the Nation) Bruce Catton

The late Pulitzer-Prize-winning historian Bruce Catton is known to millions of readers for his absorbing works on the Civil War. In this book, he turns to his native Michigan to tell a story of what happened when a primitive wilderness changed into a bustling industrial center so fast that it was as if the old French explorer Etienne Brule "should step up to shake hands with Henry Ford."

The idea that abundance was "inexhaustible--that fatal Michigan word," as the author calls it--dominated thinking about the state from the days when Commandant Cadillac's soldiers arrived at Detroit until his name became a brand of car. Viewed in this light, Michigan is a case study of all America, and Americans in any state will be fascinated. In a colorful, dramatic past, Mr. Catton finds understanding of where we are in the present and what the future will make us face.
