Teaching Terrific Two's and Other Toddlers Terry Graham, Linda Camp

When two-year olds begin in nursery schools and day care centers, they need activities specially designed to expand their capabilities and interests. The activities, which both teachers and children will enjoy, develop self-image, listening, language, social growth, movement, science, math, and music. These activities will keep a young toddler's mind as active as a toddler's body. It includes introductory sections covering basic and individual goals, classroom arrangement, scheduling, discipline, materials, parent involvement, and assessment. Shape Walks, Mitten Week, Bunny May I, and many other activities make this book an incredible resource.
