## **Ever Ancient, Ever New: Ruminations on the City, the Soul, and the Church (Ernest L. Fortin: Collected Essays)** Ernest L. Fortin

More than any other thinker in the twentieth century, Ernest L. Fortin, A.A. (1923-2002) resuscitated the study of political philosophy for Catholic theology. Fortin's interests and accomplishments were vast, ranging from the Church Fathers, to Dante and Aquinas, to modern rights, American democracy, and Catholic social justice. His dispassionate scholarly heft was animated by a pressing drive to understand and rise above the crises of our times, and it was applied with a gingerly and accessible touch. Consequently, Fortin's writings are among the most lucid, perceptive, and enjoyable that one will ever read. Ever Ancient Ever New is the fourth and final volume of Ernest Fortin's collected essays, compiled and edited after his death by his archivist and student Michael Foley. While it echoes the themes of the earlier three volumes—showcasing the essays that made Fortin such an authority in his field—Ever Ancient Ever New also includes articles never before published as well as articles on topics not represented in the earlier collections. Ever Ancient Ever New is indispensable for anyone wishing to continue their education in the wit and wisdom of Ernest Fortin or to begin learning from him for the first time.
