Macbeth (Shakespeare Handbooks)

John Russell Brown

Macbeth (Shakespeare Handbooks) John Russell Brown

The commentary leads the reader through the text, showing how the dialogue can come alive in performance and what needs to happen on stage. This central feature is preceded by an account of the play's first publication, early performances and the probable additions to an original version. It is followed by an introduction to the social and cultural context for the play's composition, which uses quotations from contemporary works and extracts from Shakespeare's sources. Studies of landmark productions and films, together with a wide sampling of critical writings, complete an innovative and instructive guide to this truly awesome tragedy.
