Summer of Unrest: Kettled Youth: The Battle Against the Neoliberal Endgame Dan Hancox
"Those who do not move, do not notice their chains." - Rosa Luxemburg

In this considered and polemical piece, Dan Hancox examines a world in which our fates are no longer governed by elected representatives with shirts and ties, but abstract finance. Where the problem is not so much false consciousness as blurred consciousness. He examines the 'spectacle of capitalism' that has stymied political activism for so long and how the closing months of 2010 saw a surge in rage that continues as the youth of Britain is waking up from its malaise in the face of provocation and the cuts programme.

Beginning in the stifling kettle on Westminster Bridge, Hancox weaves on-the-ground reportage with political theory to describe and explain the growth of movements like UK Uncut, the University for Strategic Optimism and other actions to create a better society. An anthem for kettled youth, this ebook is a stake in the ground signalling the rebirth of the curiosity of a generation breaking free of its shackles.

BRAIN SHOTS is the pre-eminent source for high quality, short-form digital non-fiction. The *Summer of Unrest* series brings together stellar writers to explore the issues surrounding the austerity measures in the UK, uprisings in the Middle East and the nature of the protest movements springing up all over the world.
