War With Iran: Political, Military, and Economic Consequences

Geoffrey Kemp, John Allen Gay

War With Iran: Political, Military, and Economic Consequences Geoffrey Kemp, John Allen Gay
War With Iran: Political, Military and Economic Consequences provides readers both a history of Iran's relationship with the West and an expert's estimation of what the political, human and financial costs of full-scale war with Iran might be. Authors Geoffrey Kemp and John Allen Gay of the Center for the National Interest utilize their years studying and informing America's foreign policy in the Middle East to bring to life the possible outcomes of an American military intervention in Iran. Such a decision would not only have catastrophic consequences on the Persian Gulf, but would also endanger the whole world's delicate economy by heightening instability in an already fragile but resource-rich region. Written for anyone with an interest in the future of American foreign policy, *War With Iran* explores what every player has at stake in the current crisis by analyzing every tension adjacent to it; from America's staunch support of Israel to Iran's own dogged pursuit of a nuclear weapon. Controversial, timely and thoroughly researched, this story stands as a preliminary caution against what would be a devastating meltdown of diplomacy, for which—if peace be the goal—there is always time.
